

Week 14

Keel Bone Chicken Project

04/17/26

This Week

Weekly Progress!

- Paper Updates
 - Paper Submitted
 - Paper Revisions (If necessary) Version 1
- PCB Updates
 - Switch over to P1110B with NDA Issues
- Summer Updates
 - Summer Calendar created
 - Work for summer outlined
- Next Week

Paper Updates

Paper Submitted!

- Submission went through for IEEE Sensors on May 4th
- Notification of Paper Acceptance: August 9th

Submission Overview

Initial Submission This submission is under consideration and cannot be edited

[Download Reviewer PDF](#)

Article Type

IEEE SENSORS Conference 2026

Title

Design of a Keel Bone Monitoring System in Egg Laying Hens

Paper Updates

Paper Revisions (if necessary) Version 1

- Paper edits cannot be made currently
- Still have revisions I would like to make
 - Draw.io diagrams for circuits to emphasize clarity
 - Adding OrCID
 - More detail on results

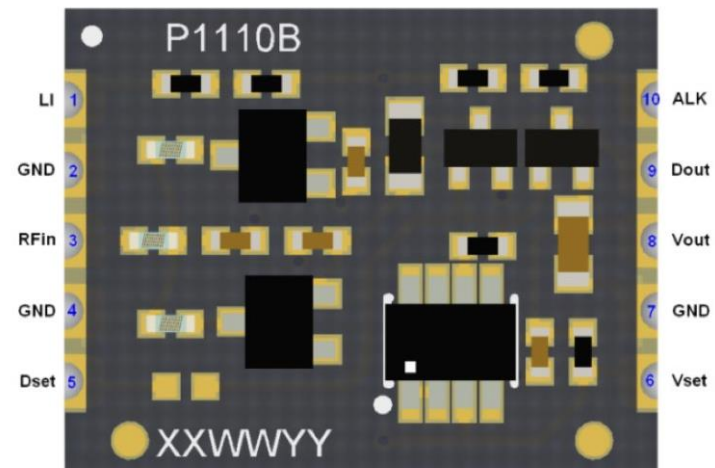

PCB Updates

Switch over to P1110B with NDA Issues

- NDA never returned or signed from Legal department
- Switch to P1110B (No NDA required)
- Much more reliable device in the end

Summer Updates

Summer Calendar created

- Asked Niedra for Summer Calendar
- Told me it will act as “offer letter”
- Relevant sections filled out

			5/1	day) in a month with a holiday, the account will be charged for the paid holiday in addition to scheduled day
5/5	5/6	5/7	5/8	Source of Funding or Course #:
5/12	5/13	5/14	5/15	
5/19	5/20	5/21	5/22	
5/26	5/27	5/28	5/29	
6/2	6/3	6/4	6/5	
6/9	6/10	6/11	6/12	
6/16	6/17	6/18	6/19	
6/23	6/24	6/25	6/26	
6/30				
7/1	7/1	7/2	7/3	
7/7	7/8	7/9	7/10	
7/14	7/15	7/16	7/17	
7/21	7/22	7/23	7/24	
7/28	7/29	7/30	7/31	

Summer Updates

Work for Summer Outlined

- **Explore all 3 options of data collection storage as outlined previously**
- Design and fabricate a two new versions of the PCB:
 - Smaller without RFID -> DC conversion
 - Larger with RFID -> DC conversion
- Expanding the data collection capabilities

Next Week

Next Week's Plan

- Implement cloud storage for data collection
- Create new schematic for P1110B power harvester device

Thank You

Purdue Polytechnic Institute
