Major Paper Updates

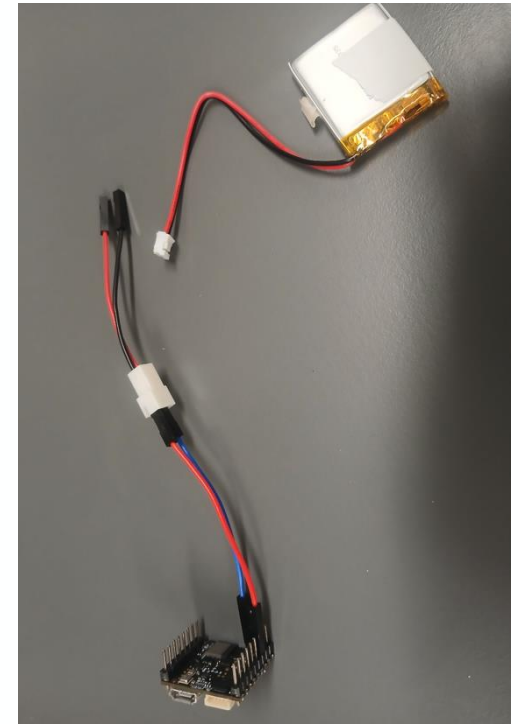

Revision 2 of Paper Complete

- Implemented all major edits to paper
- Added PDF of Rebuttal to paper submission
- Should hear back on August 9th whether paper is accepted

Agriculture Updates

Slight error with cables

- Omosalewa tried connecting the headers the wrong way around
- Need to connect dupont header to wires, JST housing to JST female in battery
- This could be that the hardware is not compatible
- Need to verify with Omosalewa.

Next Week

Next Week's Plan

- Meet in-person with Pedro for another sensor testing session
- Finish and package web logger
 - App executable
 - Online version
- Transfer of all Research Data
